# About EQUINOX JAMBS

Our company create doors and jambs that places a strong emphasis on beauty and elegance alongside strength and durability. All of our products are designed for maximum durability, combined with a unique, stylish design that conveys luxury while for easy installation.

Our door jambs have:

- a dual-ear system designed to prevent vibrations and reduce the risk of cracks in drywalls
- aluminum with powder coating for maximum durability and a flawless finish
- special teeth at drywall connection points to prevent cracking at the points
- thick aluminum construction to prevent bending and ensure maximum stability
- 45-degree connections and tensioned corners for a perfect seamless joint
- designed for concealed and adjustable hinges
- option for installation without a top frame (ceiling-height doors)
- suitable for all wall types
- sleek design and a unique look
